

## Aquatic Weed Control

(from page W-6)

tential in financial return, and successful aquatic weed controllers find that their services are indispensable and continually called for by those who love, use, and thrive on water resources.

## Southern Weedmen Gather Jan. 15-17 in Jackson

Nearly 500 weed control personnel from all phases of the industry will gather in the Heidelberg Hotel, Jackson, Miss., Jan. 15-17 for a varied program for weed controllers in industry, public works, and agriculture.

Dr. E. G. Rodgers of the University of Florida, Gainesville, is in charge of the program, and will furnish more information to those who desire it.

**CYCLONE MODEL 20 HAND SPREADER.** For fast, precision spreading of pelleted and granular chemicals; also seed. Galvanized hopper holds 3 gals. or approx. 20 lbs. Covers a 6- to 8-foot swath with most materials. Feathered-edge spread prevents streaks and double overlaps. Shield protects operator.

## Cyclone

### MODELS FOR LAND AND WATER FOR HERBICIDES, FERTILIZERS, SEED

The Cyclone Electric Model shown on boat, above, also mounts on garden tractor or front or rear of large tractor, truck or jeep. Powered by a self-contained electric motor which operates from the electric system of the vehicle upon which it is mounted. Models also available which operate from heavy

duty, flexible drive shaft which fits tractor PTO. Double agitator, easy setting rate gauge, and positive shut-off. Spreads up to a 30-foot swath, depending on material being spread. 1-, 2½-, 3- and 5-bushel sizes. Time and money savers that can put many extra dollars in your pocket.

See your distributor or write for further information

**THE CYCLONE SEEDER CO., INC.**  
Urbana 36, Indiana

**CYCLONE LAWN SPREADER.** Famous for speed, freedom from streaks, accuracy. Ideal for fast, precision spreading of pelleted and granular fertilizers, herbicides, insecticides, seed, ice melters, etc. Covers a 6- to 8-foot swath. Feathered edge spread to prevent streaks and double overlaps.
