HELP WANTED

LANDSCAPE MANAGER. For large, 35-year-old landscape firm in southern New England. Applicant should not be over 45 years of age and have the qualifications, experience and, above all, managerial ability to assume over-all responsibility of landscape department. College degree in landscape design, horticulture or civil engineering is desirable, and at least 5 years of successful managerial and supervisory field experience in landscape construction and planting is a must. Ability to efficiently handle men and equipment and accurately estimate all phases of landscape work are most important qualifications. Other qualifications are average design and sales ability. If you now have a similar position, it could be worth your while to answer this ad, as this position has outstanding possibilities to the right person, not only in salary, but in profit sharing and opportunity to purchase a share in business when owner retires. Send complete résumé, references, and photograph in first letter. Write Box 16, Weeds Trees and Turf magazine.

LAWN SERVICE FOREMAN NEEDED. Fast growing lawn service company needs ambitious man with supervisory experience to learn and supervise lawn service work. Opportunity for advancement. Send brief résumé including background, education, and desired salary to Mr. Waltz, Tech-Turf, Inc., 79 Dunnell Rd., Maplewood, N. J.

FOR SALE

LANDSCAPING and tree expert business in highest income area in northeast. Annual volume \$400,000, been in business 37 years, and enjoy high reputation for quality work. Owns equipment to handle any type of landscape or tree work. Office, warehouse and nursery may be purchased at buyer's option. Owner wishes to retire but will stay on for a limited time in a consultant capacity. Write Box 17, Weeds Trees and Turf magazine.

Liquid weed killer drips onto a roller of this Model 101 Commercial 36 inch Pull-Type Drip Roller Unit from Lakes Supply Co. Liquid transfers to ground as the applicator travels. This process eliminates spray drift and allows closer approach to flowers and shrubs, the manufacturer claims. Three models all have adjustable drip rate, filters, and pump gear. Lakes Supply Co., Inc., Dundee, Ill. is the distributor.

Calo-Gran Introduced

A snow mold turf fungicide is now available in a dry granular form reports the Mallinckrodt Chemical Works. The free-flowing granules require no mixing and can be applied to turf with a conventional spreader the company says.

Calo-Gran is based on the Mallinckrodt Calo-Chlor formula which has been used in snow mold control for many years. The new material is applied late in the fall although a mid-winter application is necessary in areas of severe snow mold conditions. It is packed in 30-lb. bags said to be sufficient to treat 5,000 sq. ft. More details will be sent those who write the company at Second and Mallinckrodt Streets, St. Louis, Mo. 63160.

Suppliers Personnel Changes

Amchem Products, Inc., Ambler, Pa., recently named Gerald D. Ames to its agricultural research staff, according to an announcement by M. B. Turner, vice president, director of marketing. Ames is headquartered at the firm's 60-acre experimental farm where he will conduct secondary screening of new herbicides.

The Super 754, a new, compact, economical chain saw, has a 5.4 cu. in. engine with all roller bearing design and a high power per pound ratio, Remington Arms Co., Inc., says. This model, equipped with a power booster nose-guide bar, has a cutting capacity from 13 to 31 inches. A feature of its compact design is said to permit stump cutting to within 3/4 inches of the ground. Literature and complete specifications are available from the company's Power Tool Dept., Park Forest, Ill.
