

## The Cover

Irrigation installation at new Calabasas Golf Course in Southern California was integral part of design of this \$350,000 course. Automatic irrigation system is capable of irrigating entire 150-acre course within a 10-hour period. (See story on page 8).

### We are Honored

I am most impressed with your magazine. It is in my opinion, one of the best I have read relative to the horticultural field. The articles are clear and well written and the illustrations are excellent . . . inasmuch as I work with a cross-section of people in the country, a great many see and read your magazine. A magazine of value, such as WEEDS TREES AND TURF, is not made available everyday . . . and when one does appear on the market I feel people should be made aware of it.

Lawrence D. Stouse

Extension Horticultural Agent  
Johnson County, Kansas

### Thank You Mrs. Ensor

We certainly have received many favorable comments on the fine article you wrote on Green Valley Turf in the February issue of WEEDS TREES AND TURF. The cover picture is very beautiful and a very true color. The rest of the photography is excellent and very descriptive. We have had many inquiries and wonder if you could send us extra copies.

Mrs. K. C. Ensor

Green Valley Turf Co.  
Littleton, Colorado

### Certainly Sir

I was pleased to note the feature story on one of our members, the Smith Tree and Landscape Service, Lansing, Mich. . . . if possible, I would like to borrow the photos for our monthly newsletter . . .
