"Heller-gro improves health, foliage and color of trees and shrubs"

says P. N. Hanson, of Parr & Hanson, Inc., Arborists, Hicksville, New York

"We've used Heller-gro since the summer of 1954," Mr. Hanson says. "The trees and shrubs have greatly improved in health, color of foliage, and general appearance. We've tried a number of other products but have not felt any of them to be as safe and effective as Heller-gro."

Completely soluble in water, Heller-gro is the concentrated plant food suitable for almost every professional application. And because Heller-gro is compatible with insecticides, fungicides, and special-purpose products such as anti-transpirants, it can be used in complete confidence in any combination to save time and money.

Use Heller-gro wherever you need a 15-15-15 complete plant food, from trees to tender seedlings. Heller-gro won't burn — use on lawns, greenhouse stock, transplants, even field crops.
