# “There is no substitute for Heller-Gro”

says Frank Holmes, Norman V. Holmes  
Tree Surgeons, Inc., Lafayette Hill, Pa.

“We’ve been using Heller-Gro for years,” Frank Holmes reports. “We probably do more liquid feeding than anyone in our area, and we’ve learned from experience that there is no substitute for Heller-Gro!”

Completely soluble in water, Heller-Gro is the concentrated plant food suitable for almost every professional application. And because Heller-Gro is compatible with insecticides, fungicides, and special-purpose products such as anti-transpirants, it can be used in complete confidence in any combination to save time and money.

Use Heller-Gro wherever you need a 15-15-15 complete plant food, from trees to tender seedlings. Heller-Gro won't burn — use on lawns, greenhouse stock, transplants, even field crops.
