## HAMMER KNIFE VERTICAL FLAIL MOWERS

### CUTS BETTER — SAFER!

The knife-like flails of the MOTT system, with their edgewise slicing action, cut cleaner and use less power than other type flails.

MODEL T38 — 38" Swath

Double up on performance. Let your tractor do the pulling. Let the MOTT T38 do the mowing. The mower engine operates independently of the tractor, delivering its full capability of power and speed to the cutter shaft at all times, even when the tractor engine itself is throttled down. This combination gives a versatility of performance not possible with tractor powered mowers.
