The Cover

William Owen, president and owner of General Spray Service, operating in metropolitan Portland, Ore., describes his operation to touring members of the Pacific Northwest Pesticide Applicators Association. Owen is a charter member and past president. His grandfather, William, started the business in 1924 with a 50-gal barrel with hand pump mounted on a Model T Ford. While his grandfather handled the hose, his father, Kenneth C., operated the pump. More about his current operation appears with the meeting report beginning on page 8.
