Pennstar Kentucky Bluegrass.

Perhaps the best all-around turfgrass available today.

Pennstar Kentucky Bluegrass (*Poa pratensis*) is an improved variety developed by Penn State after more than 15 years of testing. Pennstar is highly resistant to stripe smut, rust and leaf spot. It's not overly aggressive and has a medium blue-green color — ideal for mixtures.

Other Pennstar characteristics include good density, drought resistance, persistence under short mowing and moderate-to-low fertility levels. It does not produce damaging quantities of thatch and is adapted throughout all normal bluegrass areas. Send for complete data.

TO: Pennstar Kentucky Bluegrass
P.O. Box 923, Minneapolis, Minnesota 55440 WWT-11

Please send me prices, availability, test information, purity and germination data on Pennstar Kentucky Bluegrass.
