Hugh H. Horrell, executive vice-president of Turf-Vac, reports that Gravely locations will be stocked with the new line of equipment in

time to serve the market during the fall season.

Turf-Vac headquarters at Long Beach, Calif.

## Florida Nurserymen Growers Plan Major Show

A major 3-day Florida industry event, Trade Show Bonanza, begins October 8 at Hollywood-By-The-Sea, Fla. An extensive education program is coupled with three days of trading and exhibit demonstrations. Interest in the show is reflected by sale of the entire 139 available exhibit areas three months prior to the event.

The show committee consists of Wendell Butler and Bert Kraft, Fort Lauderdale, Tommy Hofmann, Hollywood, and Louis Cayll, Miami, all members of the sponsoring group, the Florida Nurserymen and Growers Association.

The group reports that this '71 show will feature the greatest roster of foliage plant displays yet. Thousands of rare hardwood ornamentals will be exhibited in addition to an all time high number of supplier product exhibits.

# The Drip

What makes "The Drip" effective and the SAFEST way for weed control?

With ordinary sprays and mists, coverage is inconsistent and dangerous at best, especially in confined areas where flowers, shrubs and other foliage is vulnerable. But "The Drip" utilizes a continuous film dripped onto a roller to make application. This direct contact gives you positive control and superior coverage, and avoids drift of spray.

"The Drip" is available in 3 models for covering any area. A self propelled hand model, a model "101" pull-type as illustrated, or the King-size gang of three 101 units which covers a big 9-foot swath. Write today for literature and complete details. Rubber covered rollers are available for special applications.
