

## LETTERS TO THE EDITOR

### WE ARE CONGRATULATED

The members of the Maryland Turfgrass Association have asked me to thank you for the publicity given our association . . . in the January 1972 issue WEEDS TREES AND TURF. Our organization is seven years old now and we are growing at a rapid rate. We certainly do appreciate the publicity given to our organization by your excellent magazine. JOHN R. HALL, Secretary, Maryland Turfgrass Association.

### PERMISSION GRANTED

We would like to adapt and condense the article, "Sulfur for Turfgrass," by Dr. Fred Grau, which appeared in the February, 1972 issue of your magazine.

Incidentally, you put together an excellent journal.

We will head our version this way: Condensed and edited from WEEDS TREES and TURF magazine . . . Santford Martin, Editor, Potash Institute of North America, Atlanta, Ga.

### WE ARE COMPLIMENTED

I want to take time and thank each . . . of you that has a part in

the WEEDS TREES and TURF magazine . . . I am one of the grateful one's who receive this magazine and I hope you all the best of luck . . . and keep up the good work. Kenneth Courtney Sr., Great Falls, Montana.

### A READER WRITES

I want to thank you for helping to make our second Grounds Maintenance Conference a success. We had 300 professionals attend this conference and it was a huge success; in fact a television station did a show on it.

. . . I receive your excellent magazine at my office . . . I like to keep back issues for reference purposes. . . Ted W. Stamen, extension agent — home horticulture, New Haven County Extension Service, Wallingford, Conn.

### TOO MANY WEEDS

. . . I wish there were more in your magazine about plant and tree diseases instead of so much about weeds — you might reach three times as many people if there were. Jim McNally, San Francisco, Calif.

## TIME TO RENEW: Your Renewal Card Is Bound In Above

We need your okay to continue sending you WEEDS TREES and TURF magazine on a free basis. In fact, we must have it.

We—and other publishers—have been somewhat remiss in the past in that we've sent your copy of the magazine whether or not you sent your card in. This can no longer be done.

As you know, subscriptions are free to bonafide members of the industry. You qualify. But economics has again reared its head and we must stabilize our circle of readers. We shall maintain the magazine circulation at 33,000—the number which constitutes the basis for our advertising rate. No additional magazines will be sent except at the published rate of \$10 per year in the U. S. and Canada.

MAY WE HEAR FROM YOU—by way of the bound in card above? Simply tear it out—SIGN and check your answers. DO NOT LOSE YOUR FREE SUBSCRIPTION TO SOMEONE ELSE. We want your continued support and we need you on our list.

Thank you.

Art Edwards, Editorial Director

*(This renewal notice is a requirement of our national auditing service to verify that you are a member of the industry and that you wish to receive the magazine).*

## Ackley hydraulic powered tools

cut  
time  
cut  
work

Ackley tools put you in complete control of big gardening/landscaping jobs. Deliver plenty of power for cutting, clipping, pruning, sawing.

New Ackley Swivel Pruner (illustrated) is designed for fine pruning on new wood or young trees. Gives you the cutting angle you need instantly. Lightweight hook. 360° swivel handle for hard-to-reach areas. 3 to 5 foot lengths.

Need more help? Check with Ackley for pistol-grip chain saws, pole chain saws, pole circle saws and additional pruners. Farm or garden tractor provides the hydraulic power source.

For more information/literature, call Harold DePue, Sales Manager, (503) 659-5660. Or write:
