

# Kohler Engines. The key to superior performance.

Toughness is no surface thing with Kohler 4-cycle engines. It's designed-in.

Kohler engines combine the strength of cast iron blocks with engineering features that assure dependability. Automatic compression release for fast, easy starts. Dynamic balance for smooth performance, greater operator comfort. Kohler-built carburetor tailored to the engine.

Large-bore, short stroke design means maximum horsepower, less wear, longer use. All service points are readily accessible.

Kohler quality is backed by a worldwide service network. More than 800 trained U.S. distributors and 4,000 service centers, plus outlets in 65 countries.

Kohler 4-cycles, 4 to 24HP. Not only a rugged engine. But your key to performance, too. See your distributor or write Kohler Co., Kohler, Wis. 53044.

**KOHLER ENGINES**  
Your key to performance.
