WALDON's all-hydraulic feature makes for speed and ease of handling. You can make better use of your available power, because you can keep the power on. It's a smooth performer; a very easy machine to handle.

The articulation is another great feature. You can work in a very small space because Waldon is so maneuverable. And, it cuts down your cycle time.

Waldon's four-wheel drive power means you don't have to be completely level to get full power and use of the machine. Now your men can get more done per day.
