

**HYDROFYER:** Agresults, Inc., Miami, Fla.

Inject any liquid chemical into turf areas without disturbing playing surface. This injection system is designed for use on conventional golf course Airfyer. Manifold and injection heads adapt to machine in less than 30 minutes. Materials are mixed in conventional spray machine and injected into soil under 100 to 300 pounds pressure. Equal distribution on two inch centers for nematocides, fertilizers, soil conditions and water soluble liming materials. For more details, circle (705) on the reply card.

**LIFT-QUIK:** F. G. Nolan and Son, Pulaski, N.Y.

Any vehicle up to 1400 pounds can be raised as high as 33½ inches and lowered to floor level without a need for expensive loading docks. Perform maintenance on lawn and garden tractors, snow blowers, golf carts and other vehicles with little or no effort. Unit is made of heavy gauge pipe. Rails adjust from 24 to 40 inches. Lift is powered by a C.T.&E. reversible one-half inch electric drill with adapter. For more details, circle (706) on the reply card.

**12 VOLT DIGGER:** Stone Construction Equipment, Inc., Honeoye, N.Y.

Digging is easy with this 12 volt digger that features a powerful two horsepower motor. It operates on any 12 volt system. Simply connect to battery on your car, truck or tractor. Digs holes two inches to seven inches in diameter. With chuck attachment, the unit will drill holes in steel, concrete and other materials. Machine comes with 20 feet of cables and battery clamps. For more details, circle (707) on the reply card.

**Log Splitter:** Vermeer Manufacturing Co., Pella, Ia.

"Instant firewood" is now possible with the introduction of the LS-200 Log Splitter. It's a self-contained, 12 Hp unit that can split any log up to 30 inches long. A powerful overhead cylinder hydraulically wedges a heavy-duty cutting blade through the log under 22,000 pounds of splitting force. The blade, then automatically returns to the starting position for the next cycle. Unit can be towed behind any car, truck, or trailer. Other features include an electric start and a torsion axle for a smooth ride at highway speeds. For more details, circle (708) on the reply card.

**HYDRAULIC CHAIN SAWS:** Ackley Manufacturing Co., Clackamas, Ore.

These hydraulic chain saws come in bar sizes of 12, 15, 18 and 24 inches. They're powered by hydraulic pressure from tractors, trucks and other hydraulically equipped vehicles. Motor which turns saw chain provides the highest power-to-weight ratio of any hydraulic motor on the market, according to the manufacturer. Nothing else is on the saw but a trigger handle. Saw weights only six pounds without bar. But it gives the operator eight horsepower of direct drive. Features instant stop and start. For more details, circle (709) on the reply card.

**FOUR-WHEEL DRIVE FRONT-END LOADER:** Davis Manufacturing, Div. of J I Case Co., Wichita, Kans.

Scatback 430 is a compact four-wheel drive front-end loader with hydraulic articulated steering and hydra-static drive. It is powered by a 30 Hp engine, either gas or diesel. Infinitely variable speeds, both forward and backward gives the operator much latitude in operation. Instant forward/reverse is controlled by a single pivot dual foot pedal. Loader is self-leveling and has a 30 degree bucket rollback at ground level to handle heaped loads. Dump clearance is 109 inches at the hinge point. For added safety, operator sits aft of the lifting arms. For more details, circle (710) on the reply card.

**HYDRAJUST TRACTOR SEAT:** Rotary Power, Inc., Centerville, Tenn.

Slope mowing becomes safer and more efficient with this new and unique tractor seat. It is self-leveling. Seat and the tractor operator remain in a level position while the tractor is on a slope, even up to 33 degrees. Operator's weight automatically adjusts the seat to a level position, even though the tractor is at an angle. Allows the operator to keep both hands free for guidance and operation of his equipment. Seat is also adjustable forward and to the rear to comfortably fit individuals of differing heights. For more details, circle (711) on the reply card.

**FIELD MARKING PAINT:** C. B. Dolge Company, Westport, Conn.

Here's a tough, durable, latex emulsion paint formulated specifically for use on athletic fields, cinder tracks, tennis courts and other sports areas. It is available in white or field green. Paint is non-toxic and contains no skin irritants. It will not fade and will not stunt the growth of turf. Can be applied with a brush, roller or sprayer. One coat cover most surfaces.
