

WEEDS TREES and TURF®

January 1975, Vol. 14, No. 1

THE COVER—The finishing touches are completed on the All Seasons Country Club golf course at the Lake of the Ozarks. The new \$1 million "dream course" was financed by Harold Kopljar, owner of Kopljar Enterprises, Inc., of St. Louis.

One Million-Dollar Challenge—Carving a 71-par golf course from solid rock is an economic challenge as well as a physical one. But four years and one million dollars later, a Robert Trent Jones dream course becomes a reality **10**

Protection from the Unpredictable—Drying winter winds and ocean salt sprays take their toll among landscape plantings. Antidesiccants, which have primarily been considered transplant protection chemicals, are now being incorporated into a four-season customer spraying service **12**

Slow Release IBDU—Promising New Tests—Turf Specialist, Dr. William Daniel, relates seven years of research data on Swift's new slow releasing fertilizer **14**

Quarter Century for Irrigation Association—A report on Sprinkler Irrigation Association's 25th annual meeting in Lake Buena Vista, Florida **18**

Systemic Fungicides—their role in turf disease control—How do systemics control diseases? When is the best time to apply? The somewhat vague field of systemic fungicides is explored in depth by Richard W. Smiley **30**

Motivating the Turned-Off Employee—part two of a series of employee management articles. Dr. John L. McKeever continues his discussion of the basic needs of man and introduces goal achievement as a means of satisfying these needs **44**
