IRON MEDICAPS CONTROL CHLOROSIS

of pin oaks & other trees

EASY TO USE TRUNK INJECTION GOES RIGHT TO THE PROBLEM

Iron Medicaps are the modern, effective way to treat for Iron Chlorosis in pin oaks. Two-year tests at Ohio State showed Iron Medicaps to be most effective . . . work at Illinois confirmed their findings. Treatment is easy with Iron Medicaps. You can do it yourself. It's a new injection system that puts iron directly into the sap stream. There's no loss to weather or leaching and it's perfectly safe. Treat an average tree in 10 minutes . . . see the results in 3 weeks or less. Spring or early summer treatment is recommended for best results.
