Super Church Key may be the answer to more complete drainage of five-gallon liquid containers. Without complete drainage, significant quantities of expensive chemicals can be lost. In addition, the amounts of chemicals left in containers have the potential to create

health and safety hazards. The key's long handle provides easy leverage. The company said it is four times faster than opening and pouring by conventional means. It empties the container more thoroughly. From Better Ideas, Inc.

A more comfortable operator is a more efficient operator. This is the aim of a modular cab for the line of articulated wheel loaders manufactured by J I Case Co. The pod-type cab is interchangeable for four loader models and is described as spacious with controls mounted for maximum efficiency. Modular in-

strument panels have warning lights as well as gauges for improved operator attention and protection of equipment. Standard equipment includes both a positive air pressurization system that is dust-resistant and offers extensive use of noise-suppression materials. Air conditioning, heater and defogger are options.

BRANDT CAP CUTTER

THE-ALL-IN-ONE Chemical Can Opener

The Brandt Cap Cutter easily opens a five gallon drum of chemical as it cuts a circular opening in the plastic spout.

WE CAN Cut It . . .

1. Use the uniquely designed hand bar built into the bottom of the cap to pry off the chemical seal.

2. Pull up the plastic spout and remove the drum cap.

3. As you twist on your Brandt Cap cutter, you are cutting an opening into the plastic spout, eliminating the need for knives, screwdrivers and other sharp instruments.

4. RESULT—A circular opening with no jagged edges - ready to pour - in 1/3 of the time.

and so can YOU

STRAIGHT TALK FROM YOUR DITCH WITCH MAN

**"When plowing
is the best way,
Ditch Witch is the
best way to plow!"**

"Underground work doesn't always require trenching. In many soil conditions, vibratory plowing can be the fastest and best way to install many kinds of cable and even pipe. Since there is no trench, there's none to fill up, so a lot of restoration hours are eliminated.

Ditch Witch pioneered the development of the vibratory plow, and today we have the most complete line of plowing equipment available — ranging from the best small service plow up to the only big cross-country model designed exclusively for underground work.

We'd like to talk plows with you. We'd like to bring one to your job and put it through it's paces. It won't cost a thing, and there's no obligation. At Ditch Witch, we tell it to you straight!"

**Call (800) 654-6481 Toll Free
for the name of the dealer nearest you.**

Vibratory plow modules are available for Modularmatic vehicles in the 30-HP to 65-HP range.

Ditch Witch . . . equipment from 7 - to 195-HP.

Products *continued*

A **blower** is new from Stihl, Inc. Originally it was designed for use in control of insects and weeds because it can take liquids, powders or granules in its three-gallon reservoir. It has a maximum air velocity of 265 miles an hour coming out of

its nozzle, and people have found new uses for it, the company said. Its engine permits the dusting or spraying of trees as high as 35 feet and its compact backpack-type design makes it handy for use in cleaning sport stadiums of debris, litter or even snow. Another application is whitewashing.
