A **new compact 85cc saw** has been added to the Husqvarna line. The model 185CD is compact and easy-to-handle, but with enough power to compete with big saws. It weighs 17 pounds. Its power-to-weight ratio is

an important feature, the manufacturer said. It is equipped with a silencer with a spark arrester plus an exhaust deflector and a double plate on the silencer that reduces surface temperature.

A **maneuverable new riding mower** with an out-front cutter deck that mows a 72-inch swath has been introduced by the Turf Division of Jacobsen Manufacturing Co. Featuring rear-wheel steering, the new mower can turn in its own radius for optimum trimming tight-

up around trees and plantings, as well as cutting under shrubs and overhanging branches. Its two-wheeled cutter deck carrier is articulated for mowing gullies, slopes and

knolls. Four caster wheels and three rollers on the deck prevent scalping. During transport, the unit can climb curbs with no damage to deck components.

A **spray boom** that covers 84 feet has been introduced by FMC Corp.'s Agricultural Machinery Division after extensive field testing last year. Designed for mounting on 1,000-gallon, high-pressure sprayers, the hydraulic boom features four folding sections which may be folded or elevated by remote control from the tractor cab. A fifth center section sprays directly behind the sprayer.
