

SOLO blows profits your way

Air brooms come in two versions—with wheels or with shoulder straps. Wheels look comfy and modern, all right. But for blowing leaves out of flower beds, rock gardens or from under shrubs, for cleaning staircases, roofs, seat rows in arenas and convention centers, up ladders or down ships' holds, in trucks and rolling stock, or for blowing snow off a car dealer's merchandise on a cold Saturday morning—SOLO's ultra-mobile light-weight knapsack blowers have no wheel competition. The SOLOs go where wheels don't.

We offer two models, of 3 hp/35 cc. and 5 hp/70 cc., with special dust filters, comfortably padded adjustable shoulder straps and with a history of well-nigh 1,000,000 sales to back them up.

JETPAK 425

Your air broom clients are also interested in a good commercial herbicide sprayer. Our JETPAK-425 handles the most exotic weed and brush killers (plus wallpaper removers, concrete curing compounds, white-wash, swimming pool chemicals etc.) and won't quit. It's the only all-plastic sprayer on the market. No metal or rubber parts inside—thus, no swelling, shrinking, dissolving, leaking or corrosion. We guarantee that.

Toro plans sale of Game-Time, Inc.

The Toro Company has announced an agreement in principle with a private group of investors for the sale of Game Time, Inc., manufacturer of outdoor institutional playground equipment and wholly-owned Toro subsidiary since July, 1972. The sale will be concluded in late October.

"While Game Time contributes approximately 10 percent to our overall sales and earnings, we feel that the funds involved can better serve our shareholders' and the company's own long-term interests in areas more closely allied to Toro's basic businesses," explained Toro's president David T. McLaughlin.

Toro is committing greater resources to the domestic and international markets for turf and agricultural irrigation equipment, riding mowers, tillers, and snowthrowers. The company will be introducing new products in each of these areas during the current fiscal year.

Game Time pioneered the concept of mobile recreation units in the leisure services field, and was among the first to introduce a line of therapeutic play equipment for children with disabilities.

McLaughlin said the sale is subject to several conditions, including approval by the boards of directors of both Toro and Game Time, as well as to final approval by the prospective purchasers, whom he did not identify.
