12 Conserving Water with Purr-Wick—This total management system for greens can save you up to 200,000 gallons of water a year.

16 Our 1977 WT&T Awards Committee — Four of the nation's leading turfgrass specialists will assist in the selection of our Outstanding Achievement Award winners.

20 Space-Age Technology for Irrigation Controls — A microprocessor that can handle four, 14-day schedules, is the key to the new solid state controller.

22 Chlordane — What Are the Alternatives? — By fall, Chlordane probably will not be available for use on turfgrass and temporary alternatives will become the norm.

26 Principles of Soil Physical Amendment — Reaching the "threshold" proportion of an amendment is necessary before soil physical improvement is affected.
