

In 2 Minutes... You're Hooked with a "Tow-Boy" Sod Harvester

\$12,500 ⁰⁰/_{FOB}

Operating behind any adequately sized, low speed tractor, the Princeton "Tow-Boy" allows complete flexibility in the use of your power supply...because of its exclusive "2 minute hook-up" capability. Harvest in the morning, mow, seed, and spray in the afternoon.

Save time, money and man hours. Increase production! No large field crew needed. Harvest over 2,000 sq. yds. of sod per hour with three-man crew. All sod is cut, palletized and ready to ship.

Perfect for smaller volume sod producer. Now, **you** can enjoy the high production and labor saving features of the larger Princeton harvesters...at one-third the cost. Ask for the "Tow-Boy" by Princeton.

There's a Princeton for Everyone.

AUTOMATIC

The only sod harvester that does it all...with just one man! Cuts, aerates, crosstie stacks, and palletizes 27,000 sq. ft. of sod per hour with a crew of one. Save time, money, and man hours. For the large volume sod producer who wants to increase production and profit — the Princeton "Automatic" Sod Harvester.

SELF-PROPELLED

Increase your profits...by reducing costs and increasing production. Three man crew can harvest 22,500 sq. ft. of sod per hour. For the medium to large volume sod producer who wants quality, high production and low maintenance at a moderate price. The Princeton "Self Propelled" Sod Harvester.

Lennertz PGMS head

Fred A. Lennertz, Jr. was elected president of the Professional Grounds Management Society at its annual meeting in Houston this month.

Lennertz served as vice president this past year and is superintendent of grounds and transportation for Indiana University — Purdue University at Indianapolis.

Chosen vice president was Anne O. Seaman, who is retired from the New York Botanical Garden. Chosen treasurer was John R. Van Vorst, who is supervisor of parks for the city of Tenafly, N.J.

Over 150 professional grounds managers attended the six-day meeting at Stouffer's Greenway Plaza Hotel. Speakers included Dr. James B. Beard, turf professor at Texas A & M university; Russell Studebaker, horticulturist for the city of Tulsa, Okla.; Warren Purdy, cost control consultant for the green industry; and Fred Klatt, professor of landscape architecture at Texas A & M University.

Professional Grounds Management Society delegates visited the Bayou Bend Estate in Houston. Leading the tour was Gary Outen director of horticulture for the estate.
