

1978 Managers Guide to Equipment, Chemicals and Supplies

Making the right decision when it's time to purchase equipment, chemicals and supplies is one of your most important responsibilities as a manager in the Green Industry.

Wise initial selection, correct accounting procedures for depreciation, effective preventive maintenance and proper major maintenance when needed can save you countless dollars.

To help you with your selection, WEEDS TREES & TURF presents this Green Industry Managers Guide to Equipment, Chemicals and Supplies.

The Guide has four sections. Manufacturers of equipment and supplies are listed in alphabetical order along with their equipment and supplies in the first section with advertisers in bold type. In the second section, products are grouped alphabetically with the manufacturers listed below. The third section lists the manufacturers of chemicals in alphabetical order, and the fourth section chemicals are grouped alphabetically with the manufacturers listed below.

Because manufacturers add and delete product lines, change names and are generally never static, omissions of certain manufacturers and/or product lines are unavoidable. Your comments and suggestions are welcomed to help us continue to produce and improve this important service.

Equipment and Supplies

A

Ace Pump Corp., 1650 Channel Ave., Memphis, Tenn. 38113
Pumps

Advanced Drainage Systems, 3300 Riverside Dr., Columbus, Ohio 43221
