GREEN INDUSTRY NEWS

Basics Stressed at Virginia Turf Conference . . . Bolens and Jacobsen Settle Over Mulching Mowers . . . Container Stock Available for Reclamation . . . New Bluegrass Variety Announced. 8

FEATURES

Managing Turfgrass Transition

George Kozelnicky, Assistant Professor of Turfgrass Disease and Genetics at the University of Georgia, gives in-depth advice on how to get bermudagrass through dormancy without winter-kill. 16

Geochemical Reasons for Reclamation Complications

Why does replaced overburden reject vegetation? Acid and recently uncovered elements affect erosion control crops in detrimental and beneficial ways, according to University of Illinois scientists. 28

SYMPOSIUM ON THATCH

Five speeches on past and present studies of thatch's effect on turfgrass health given at the University of Nebraska's Turf Conference. This special pull out section was made as a special reference for turf managers. 45-60

Biological and Chemical Control of Japanese Beetles

Is milky spore disease an adequate substitute for chemical control of Japanese beetles? Perhaps a combination of both is best. 62

Trees and Shrubs for the Northeast

American Garden Cole's horticulturist Collins gave his recommendations in a speech to the New York Nurserymen's Association. 68
