NELSON "This box of free heads is money in my pocket."

I cashed in on the Nelson Easy Winner (N.E.W.) bonus program.

Value is more than a matter of price. Even if I get my underground sprinkling equipment at rock-bottom prices, I can still lose money if I have to go back and replace faulty equipment.

That's what I really like about Nelson. Once it's in the ground, I can forget it. And with the free merchandise Nelson's offering in their "easy winner" program, I'm getting immediate savings on product **plus** the long-range profitability that comes with installing a reliable product that I won't have to replace.

Take this ad to your distributor. Ask him about the N.E.W. warranty and how you can make some "easy money" as a Nelson "easy winner."

Nelson. The top line that can make your bottom line look a whole lot better.

NELSON "I'm hanging
a controller
that I got free

You can't ask for
a better
profit
margin
than that"

I cashed in on the Nelson Easy Winner (N.E.W.) bonus program.

As a successful contractor, I have to watch profit margins. And you don't have to be a financial wizard to realize that selling and installing equipment that you get for free is about as profitable as you can get.

That's what Nelson's "easy winner" bonus program is all about. Not only do I qualify for a free controller with my purchase; but Nelson's dependability saves me time and money I'd have to spend down the road if I installed less reliable underground sprinkling equipment.

Take this ad to your distributor. Ask him about the N.E.W. warranty and how you can make some "easy money" as a Nelson "easy winner."

NELSON "When you combine top-line quality with a special discount, your bottom line takes care of itself."

I cashed in on the Nelson Easy Winner (N.E.W.) bonus program.

When you're in the contracting business, you've got to keep one eye on the job . . . and the other eye on the bottom line. That's why I install the top line when it comes to underground sprinkling equipment: Nelson.

It's money out of my pocket if I have to do part of the job over because of product failure. With Nelson, I know that once it's in the ground, my job is done.

And with the discount I'm getting in their "easy winner" program, I'm practically guaranteed to make more profit this season.

Take this ad to your distributor. Ask him about the N.E.W. warranty and how you can make some "easy money" as a Nelson "easy winner."
