California landscape show to go national in 1982 . . . MoBay launches new Specialties Chemical Division with introduction of two new products . . . Interior Plantscape Association and ALCA discuss joint ventures . . . ISA show set for Michigan 12

FEATURES

Drought Tests Standard Turf Recommendations
Lack of water will alter typical turf recovery from a summer dormancy and will alter the species composition of polystands. Opportunity for renovation is great. 14

Consider New Cultivars for Post-Drought Renovation
The Lawn Institute's Director Robert Schery covers basic advantages and disadvantages of turf cultivars. Renovation provides an opportunity for improved varieties. 18

Six Firms Capture Residential Design Awards
Award winning solutions to landscape challenges. Background on six award-winning projects. 24

Sun-Loving Ground Covers Add Texture
Woody ground covers which thrive in full sun. Horticulturist Doug Chapman lists choices and characteristics. 30

Performance Bonds and Penalty Clauses
Special attention is required to detect the costs and liabilities of performance bonds and penalty clauses. Equipment columnist Dave Johnstone explains. 36

Arborists, Treat the Tree, Not the Customer
Dr. David Nielson of the Ohio Agricultural Research and Development Center in Wooster, Ohio, urges arborists to consider treating only real tree damage. 40
