PUT YOUR MONEY WHERE YOUR DROUGHT IS!

landscape design and management for **WATER CONSERVATION**

\$20.00

This new book gives you the guidance you need to survive the water shortages in the 1980's.

The first full-length book dealing with this subject. Covers various strategies for conserving water in the landscape such as selecting plants which require less water, altered cultivation practices, expanded use of mulches, reusing water and altering irrigation practices. The subjects covered in this book include:

- Water in Human Life
- The Water Cycle
- Water Shortages
- The Competition for Water
- Landscape Development and Water Use
- Strategies for Conserving Water in the Landscape

Please include \$2.00 postage and handling for each book ordered. For Canadian and other foreign sales payment must be made by International or American Express Money order in U. S. dollars. VISA, MASTERCARD, and AMERICAN EXPRESS accepted.

Allow 6-8 weeks for delivery.

Banvel® + 2,4-D = Turf (minus 29 of the toughest kinds of weeds)

All it takes is one application, and your weed control job is done for the season. And so are 29 of the hardest-to-kill varieties of broadleaves.

BANVEL plus 2, 4-D is a versatile combination you use anytime from early spring to late fall. It kills by penetrating both leaves and roots, so weeds can't come back.

Mixes quickly, stores well. Use it according to directions, and your weed worries are over for the year.

Ask your Velsicol distributor about BANVEL 4S, too. Or write Velsicol Chemical Corporation, 341 E. Ohio Street, Chicago, IL 60611.

Before using any pesticide, read the label.
