Hopkins **NEW REVENGE™**

cost effective control of
Johnsongrass, Bermuda, other grasses

- 1. Quick brownout.** Kills entire plant—roots and all. One application for season-long control.
- 2. Economical, easy to use.** Free-flowing. Completely water soluble, forms a true solution.
- 3. Up to 98% control** of rhizome Johnsongrass into the next season—even where foliar materials alone fail to give good control.

REVENGE is a highly effective, low-cost herbicide for control of established annual and perennial grasses. It combines contact action with systemic action that moves chemicals through foliage and roots.

REVENGE used at 15 pounds per 100 gallons of water, along with 2 quarts of Hopkins' Neptune® or Agicide® Activator, gives fast, effective control of troublesome perennial grasses such as quackgrass, Bermudagrass, Johnsongrass and cattails. Don't just get mad at grass problems — get **REVENGE**.

AW, CUT IT OUT

For more information on how to cut out fungal diseases in turf and ornamentals.

Your turf and ornamentals need moisture to survive. However, wet weather brings out the worst in your soil. Fungal diseases like damping-off, blight and rot. Diseases that can stunt or weaken your plants.

Terraclor® and Terrazole® soil fungicides protect the value and beauty of your turf and ornamentals. Give you healthier, stronger plants, that are more beautiful.

Get Terraclor or Terrazole from your local chemical supplier.
For more information cut out and mail the coupon.

Terraclor, Crop Protection Chemicals
P.O. Box 991, Little Rock, Arkansas 72203
