DO YOU WANT TO SELL MORE LIVING PLANTS?

Every alert businessman looks for ways to increase sales. You're no exception.

You may have sold everything you could get your hands on this year — but there are all sorts of pressures now (and more on the way) that may force people to think about reducing the dollars they spend on our living plants and related products and services.

All of us in the business of growing living plants and all of us in the business of selling them have to get together in a united effort to sell more with greater profitability.

All of us need the Nursery Marketing Council.

As wholesale growers or suppliers, we all must show a voluntary NMC contribution on our invoices amounting to 1/4th of 1% of the gross sale. As retailers, we must pay that fractional voluntary assessment — then the growers or suppliers match the contribution and send the combined total to NMC.
