NEW!

Duckbill Earth Anchors hold down trees of all sizes!

Now! A new type of earth anchor to hold down trees wherever they are! Strong, lightweight, easily stored and transported, easy to install, and ideal for nurseries, landscape contractors, groundskeepers, homeowners — anyone who wants his trees to stay in the ground! Duckbill is so good it's specified by the U.S. military.

Unlike other earth anchors, Duckbill does not involve stems, rods or pipes from the anchor to the surface of the ground.

Easy to install!

Place drive rod inside the Duckbill anchor barrel. Drive anchor into ground with hammer. Remove rod and plug hole with dirt, tamping firmly with rod.

Pull anchor cable taut with a lever, rotating anchor into load lock position.

The Duckbill is now ready to hold down anything you don't want blown away.

Hundreds of uses!

Retaining walls, embankment controls, windbreaks, fencing, tarp tiedowns, greenhouses, and more.

For information, sizes, prices, delivery and other data, write or call today. Foresight Industries Inc., P.O. Box 4067, 2114 Pioneer Avenue, Cheyenne, WY 82001. Phone: (307) 635-4163.

Inquiries from distributors and manufacturers' reps are invited.
