Buckner brass valve contamination resistant

The Series 20930 brass valve from Buckner Irrigation is available from 3/4-inch through two-inch NPT size. The contamination-resistant valve features a unique three-way operating solenoid, eliminating the need for continuous flow through the upper diaphragm chamber, reducing the opportunity to clog.

The Series 20930 can be used in low-flow drip irrigation and other large turf applications where depend-

ability is a necessity.

Salsco introduces new greens/tees aerifier

Salsco, manufacturer of core aerators for the lawn care industry and seeding-fertilizing units, now makes the Model 30-12 greens & tees aerifier.

Sealed roller bearings and oil impregnated bushings are standard on this unit which turns in a 40-inch radius and can be disassembled in 45 minutes. Salsco says the Model 30-12

covers over 13,000 square feet per hour, has a minimum penetration depth of 2-3/4 inches and a hole pattern of 2-1/4 x 2-3/4 inches.

Allis-Chalmers introduces two new walk behinds

New 22-inch Groomer and new 20-inch Trimmer walk-behind mowers are being offered by Allis Chalmers. The 22-inch model is powered by a 3 1/2-hp Briggs & Stratton engine, the 20-inch mower by a 3-hp B&S. Both models meet or exceed Consumer Products Safety Commission standards.

The mowers feature automatic choke and handle-mounted controls. The engine shuts off when the safety bar is released. A side discharge deflector sends stones or other foreign objects downward. Both mowers come with double wall steel support and large semi-pneumatic tires mounted on steel wheels.

Water broom uses less water, cleans faster

Rambo's EZ-Washer converts any garden hose into an effective surface washer for driveways, sidewalks, patios, pool decks, or garage floors. It does a better job than a conventional hose alone in 1/3 the time

and using 1/3 the water.

It is made of rustproof polyvinyl chloride and uses six corrosion-resistant PVC jets to create a 33-inch spray path. The EZ-Washer's swivel couple attaches to ordinary garden hoses, and non-marking rubberex wheels give the unit maneuverability.

PICKS UP LEAVES AND DEBRIS

lawn genie®

Pick-Up Mower

Why own three machines when one does the job?

Spring: Thatches, renovates and picks up in one pass!

Summer: Mow and pick up clippings.

Fall: Clean up leaves, twigs and trash.

Simple— anyone can operate it. Built to take it all day, everyday.

Hopper empties from tractor seat.

Change mowing or thatching blades in seconds with M-C's patented spring-loaded hangers.

The only flail pick-up mower that thatches, mows and picks up in one pass! Available in 36", 48", 60" and 72" cutting widths.
