TRY THIS WITH ANY OTHER

Others do their level best to convince you that a flashy-looking riding mower is just what you need.

But for all those times when "level best" isn't good enough, consider a 68" or 84" Triplex from National.

They're engineered with ground-hugging stability that lets you cruise over virtually any terrain. And even a beginner gets professional results because the Triplex's three floating reels reach out over crowns or curbs without ever scalping.
