

“Plant a tree Trees for America”

There's a simple thing that each one of us can do to help the environment. Plant a tree.

When we think of trees, we usually think of what we can see and hear. They shade and cool our homes, bring song birds close by, and mark the changing seasons.

But trees also clean the air we breathe, and help keep the atmosphere in balance, which makes life possible.

You can make life better for your children and for the future. Join me and plant a tree. Trees for America... and for the earth.
