

## New PLCAA dues structure a definite plus

MARIETTA, Ga.—The Professional Lawn Care Association of America (PLCAA) reports a two percent gain in new members, and believes its new rate structure will bring more into the fold.

"Response has been excellent," says Ann McClure, PLCAA's executive vice president.

"Many LCOs are responding favorably to the change in dues. The association hopes this means PLCAA will have far broader national representation."

PLCAA adjusted its dues to encourage more companies—large and small—to come aboard. More than 10 percent of renewing members paid their dues early this year, reports PLCAA, encouraged by an early payment discount. □

# EVENTS
