

### "Boomer" generation arrives

New Holland's 25 and 30 Series "Boomer" compact tractors offer big-tractor features in 25-34 engine hp units. Large displacement 3-cylinder New Holland diesels provide long engine life with lower noise levels and more fuel efficiency. Hydraulic or 9X3 transmission with speed control, line hydraulics and 540 rpm PTO.

Exclusive SuperSteer FWD front-axle option reduced turn-around diameter up to 50 percent without brakes. Telescoping, tilt steering wheel standard on 30 Series.

### MACH 2 Insecticide is new chemistry

Now you can control grubs preventively or curatively with a single application with MACH 2 Turf Insecticide from ROHMID. MACH 2 is a new chemistry that accelerates the molting process of target insects. Just hours after ingesting MACH 2, the insect stops feeding. Then it dies beneath the surface in two to three weeks.

MACH 2 kills target enemy insects all season long. Cutworms, Armyworms. Sod webworms. The product is odorless and easy to apply. You don't have to water it in immediately.

For more information about MACH 2 or for the distributor nearest you, call 888/764-6432, or
