

SEED SULTAN 6
FOR SIMPLY TERRIFIC TURF!

Sultan
brand

Fairway Quality Bermudagrass

Certified **Sultan** brand, variety FMC-6 (**Sultan 6**) seeded bermudagrass is great for any situation that requires attractive, high performance turf from golf course fairway to home lawn. Its increased density, fine texture and dark green color make it ideal for spot repairs and quick fixes in some vegetative bermudagrasses. No special mower required.

IT'S NOT
EASY BEING
Green

BUT IT JUST GOT EASIER.

Faster Results. Fewer Hassles.

Flexx™ is a potent, dry water soluble biostimulant with fully-chelated micronutrients, nitrogen fixing and phosphorus solubilizing bacteria and Yucca extract wetting agent. The fast-acting Flexx™ formula stimulates root growth, improves resistance to stress and disease, and promotes greener, denser turf that plays more consistently.

Damaged Green not treated with Flexx™

Packaged in pre-measured 7 lb. bags that treat 1 acre, dry Flexx™ Turf Premix costs less per

application, ships more economically, stores more efficiently and won't freeze, separate, degrade or ferment on the shelf like most liquid biostimulant products.

GOLF SPORTS **Flexx**™ TURF PREMIX

Damaged Green treated 3 times with Flexx™ after 2 months
