COMPACT TRACTORS

Compact tractors have come a long way in a few short years. They're reliable and versatile, with many safety and comfort features.

The compact tractor is one of the green industry's most versatile and valuable tools. Or should we say many tools because the tractor, depending on the implements used, can accomplish so many different tasks. Tractor manufacturers offer many attachments, but there are plenty of aftermarket work savers too.

The following list of compact tractors and related implements is not all-inclusive but it should give you, the green industry professional a good starting point in meeting some of your more demanding landscape and turf tasks.

The Classen VB-40 vibratory plow attaches to most 3-pt. tractors of 18-hp or larger. It buries poly or pvc irrigation pipe up to 1 1/2 inches in diameter, electrical wire or cable 12 inches below ground.
