Cabinets for storage of pesticides and flammable liquids, with self-latching doors and English/Spanish caution messages are available from Protectoseal.

These cabinets feature a liquid-tight bottom well with an optional polyethylene tray to contain spills. Three sizes are offered, to hold up to 12, 30 or 45 gallons. All cabinets have adjustable shelves for easy storage of various shaped containers.

The cabinets are made from 18 gauge steel, using a "Z" bar, reinforced double wall construction, with 1/2 inches of air space between the inner and outer walls.

A continuous door hinge is built in for maximum reliability, four leveling feet—to prevent wobble—and a spark-proof/tamper-proof three-point closure with a lock.
