

Passive Deterrents to Nuisance Geese

"Dead Goose" decoys keep live Canadian geese from settling onto properties. The geese believe these decoys to be real and immediately react as if a predator is in the area. These decoys achieve this illusion without harming geese or the environment. Can be used on land or in water.

Each \$79.95 (Minimum 2)	Pond Kit \$450.00 (6 Decoys)	Golf Course Kit \$999.00 (14 Decoys)

Why are turf pros using PennMulch?

- Mulch & fertilize in one step
- Easy to apply
- No clean up - biodegrades naturally
- Excellent moisture retention
- Instant green

PennMulch® is a seed establishment mulch for protecting turf grass seedbeds. Developed at Penn State University, PennMulch provides an alternative to straw, peat, and other difficult to spread mulches for quicker, thicker turf establishment.

Used by landscape contractors, championship golf courses, professional athletic facilities, and municipalities, PennMulch is becoming a staple for top turf professionals.
