With conventional liquid biostimulants, you get what you pay for. And what you're paying for is mostly water - as much as 90% by volume.

EVERYTHING YOU EXPECT FROM AN ADVANCED BIOSTIMULANT.

Except the Water.

BioPak™ & IronPak™ are different. Dry-packaged in pre-measured, water-soluble paks or easy to use jars, our unique, synergistic biostimulant products cost less per application, ship more economically, store more efficiently and won't freeze, separate, degrade or ferment on the shelf.

A Potent Stimulant Boost - Plus Beneficial Bacteria. In One Convenient Application.

BioPak™ and IronPak™ deliver all of the essential ingredients required for rapid root growth. But that's not all. Our innovative dry product formula includes a mix of beneficial nitrogen-fixing, phosphorus solubilizing and growth-promoting bacteria you won't find in any liquid biostimulant products.

TRC REMOTE CONTROLS

Scott Burgess, Parks Dept. Bellevue, WA

We Specialize in Remote Controls

No one is better equipped to solve your remote control problems than the experts. As a leading manufacturer of remote controls for over 15 years, we have sold thousands of remotes to municipalities, universities, golf courses and contractors.

Our full line of remotes and connectors easily adapt to all 24 VAC irrigation systems including remote ready Irritrol and Superior controllers. All our efforts go into designing simple, affordable irrigation remote control solutions.

With today's complicated irrigation systems, you need experts who can answer all your questions. Whether you need to remotely operate a single pump or a complete irrigation system we have the solution.
