As of February 1, **Biobarrier Root Control** system will cost 20 percent less than it has in the past, reported its manufacturer, Reemay, Inc., Old Hickory, TN. Biobarrier uses a time-release system to create a zone on either side of it which deflects roots. "We've really concentrated on our manufacturing efficiencies in the last year, working to find ways to streamline the process while still producing the highest quality product, and our greatly increased sales volume

has also contributed to our reduced costs," said Harry Barnes, Biobarrier manager at Reemay, Inc. (The price of Biobarrier II Weed Control System will not change.)
