Our Transplant Patients Have Fewer Rejections

Mycor[™] Tree Saver[™] Mycorrhizal Fungi Inoculant Dramatically Reduces Transplant Losses, Three Ways:

- 1. Mycorrhizal Fungi:** These endo- and ectomycorrhizal fungi enhance water and nutrient uptake, and improve resistance to disease and environmental stress.
- 2. Terra-Sorb[™]:** Water-absorbent hydrogel ensures water availability to prevent drought.
- 3. Biostimulants:** Organic seaweed, yucca extracts and humic acids stimulate root growth and aid in rapid establishment.

Order Mycor[™] Tree Saver[™] Now, and Receive Healthy Start[™] Biofertilizer Tablets, FREE!

When you place your first order for 150 – 3 oz. handy paks or a bulk 5-gallon pail of Tree Saver[™], we'll include a 10 lb. box of Healthy Start[™] 12-8-8 Biofertilizer Planting Tablets to help get your plantings off to the best possible start. In addition to natural organic nutrients and humic acid, Healthy Start[™] Macro Tablets contain the slow-release nitroform fertilizer, along with nitrogen-fixing and phosphorus solubilizing bacteria, which new plantings need to take hold... and take off!

Passive Deterrents to Nuisance Geese

"Dead Goose" decoys keep live Canadian geese from settling onto properties. The geese believe these decoys to be real and immediately react as if a predator is in the area. These decoys achieve this illusion without harming geese or the environment. Can be used on land or in water.

Each \$79.95 (Minimum 2)	Pond Kit \$450.00 (6 Decoys)	Golf Course Kit \$999.00 (14 Decoys)

IT'S NOT EASY BEING Green

BUT IT JUST GOT EASIER.

Faster Results. Fewer Hassles.

Flexx[™] is a potent, dry water soluble biostimulant with fully-chelated micronutrients, nitrogen fixing and phosphorus solubilizing bacteria and Yucca extract wetting agent. The fast-acting Flexx[™] formula stimulates root growth, improves resistance to stress and disease, and promotes greener, denser turf that plays more consistently.

Damaged Green not treated with Flexx[™]

Packaged in pre-measured 7 lb. bags that treat 1 acre, dry Flexx[™] Turf Premix costs less per application, ships more economically, stores more efficiently and won't freeze, separate, degrade or ferment on the shelf like most liquid biostimulant products.

Damaged Green treated 3 times with Flexx[™] after 2 months
