

Get double duty

Add a broom attachment to your Exmark Lazer Z™, TurfTracer, TurfTracerHP or Viking Hydro and get double duty out of your mower. The 47 in. by 60 in. rotary broom attachment has a 22-inch diameter polypropylene wafer type brush, with two six-inch gauge wheels. The broom has manual blade angle settings of 0, 10 and 20 degrees left and right.

For more information contact Exmark Manufacturing Co., at 402/223-6300, fax 402/223-6384. www.exmark.com

Debris collection attachment

The YBWB walk-behind broom from York Rakes now has a debris-collector attachment, increasing the versatility of the broom. The all-steel unit attaches

using only two quick pins and a lever, makes for easy dumping of the 2.5-cu. ft. hopper. The floating design allows it to stay right in the path of the debris coming off the broom and keeps the hopper from interfering with the broom as it moves across uneven surfaces.

For more information contact York Rakes at 800/643-YORK, fax 607/369-2625. www.yorkmodern.com

Powerbroom From Shindaiwa

The new PB270B can be used for scrubbing off caked-on debris, spreading liquids and sealers on flat surfaces and sweeping flat roof debris and gravel. The sweeper rests on the ground during operation and has variable throttle control, pushing debris ahead of the operator. The model weighs only 24 lbs., has 1.5 hp and a sweeping width of 20.5 inches.

For more information contact Shindaiwa Inc. at 503/692-3070, fax 503/692-6696.

Eagle® fungicide expanded label

Rohm and Haas has received approval for Eagle WSP fungicide on backyard fruit trees and ornamental trees and shrubs. The fungicide has been in use since 1995 by golf courses for dollar spot, brown patch, anthracnose and spring dead spot. On bearing and non-bearing fruit trees, Eagle can be used to prevent powdery mildew, rust, pre- and post-bloom scab, brown and black rot and anthracnose.

The fungicide is available in three-ounce, pre-measured, water-soluble packets and is compatible with most commonly used fungicides, insecticides and spray adjuvants.
