

WALKER MID-MOUNT BUYERS GUIDE

WALKER VS MID-MOUNT A NOSE-TO-NOSE COMPARISON

Make an honest appraisal
BEFORE . . . buying a Mid-Mount "Z"
Riding Mower

Walker Manufacturing has introduced a new brochure: "What you should know BEFORE buying a Mid-Mount 'Z' Riding Mower." This four-page, full-color brochure (Walker P/N 6895-18) is an honest appraisal of the true value of a compact, maneuverable, out-front Walker versus mid-mounts.

Provided is a 10-point checklist to help the customer match the best of these two styles of mowers to the intended application while understanding their real-life mowing needs. Guidelines such as: working on hills and slopes, precision handling, high-quality mowing, grass collection, trimming capability and five other "real world" mowing applications that a customer should consider before buying any commercial riding mower.
