The Evergreen Foundation

Bringing professionals and volunteers together to create green spaces that improve our lives

It's a proven fact:

Green spaces such as public greenways and trails:

- Act as filters to cleanse the air of pollutants
- Act as sound buffers
- Have a calming effect on mind and body
- Are places for recreation as well as enjoyment
- Provide habitat for wildlife that would otherwise be driven away

The Evergreen Foundation is unique among existing organizations working to create new greenways. We harness the skills and resources of professionals in the Green Industry, including manufacturers, and couple them with dedicated volunteers from local communities.

WE INVITE YOU TO JOIN US
