When is hot too hot?

You need to keep your workers in the field to make money, but when the mercury hits triple digits, do you say, "It's time for a break" or "It's too hot to work today"? We're all driven by the desire and the need to earn our keep.

SURVEY SAYS

How valuable do you find trade shows?

- Very valuable** — I get new product information and ideas about how to run my business better.
- Somewhat valuable** — I go most every year, and usually pick up some info.
- Of little value** — I'll attend if it's nearby and I've nothing better to do.
- Not valuable at all** — I've been to shows and get nothing from them.
