YOUR GUIDE TO PRODUCT RESEARCH

## TRUCK AND TRAILER PRODUCTS

### EZ Grade Land Leveler

Designed for pulling behind a truck, SUV or ATV, the new EZ Grade Land Leveler performs on dirt yards and gravel driveways/shoulders, and is also effective in snow clearing. The leveler features a 7-ft. leveling width and wireless remote control. It's transportable at full highway speeds.

### Contractor toolbox line

Buyers Products offers a variety of toolboxes, including cross boxes (pictured), lo-side boxes, pork chop boxes and topside boxes. Available in aluminum, steel or polymer, each box is designed to use truck bed space efficiently while keeping tools safe with secure locking mechanisms.

### Truck and trailer lights

LED truck and trailer products include tail/turn/brake lights, marker and clearance lights, dome and task lights, ID bars, license plate lights, strobes and direct replacement bulbs. LED safety flares, work lights and off-road light bars are also available. LED lights have six times the life span of incandescent bulbs, the company says, and use less power with no maintenance.

### EZ Haulr

Transport virtually any make or model of walk-behind outdoor power equipment on any vehicle with a 2-in. receiver hitch. Lightweight powder-coated aluminum ramp assemblies mount to a heavy-duty 2-in. tubular steel receiver hitch extension. EZ Haulr's adjustable width ramps, with capacity up to 500 lbs., will safely transport equipment with wheel spacing up to 35 in. wide and up to 46 in. front to back, the company says.

# 2014 Business Planner

## THE Most Read/ Requested Issue of the Year

*"Since 2005, Landscape Management has been publishing the information-packed Business Planner. To assemble the editorial, we recruit the best industry contributors to put out a publication that will give readers practical information and new ideas with every page they turn. This year's issue focuses on some of the most frequently-asked questions by green industry professionals and is sure to be as popular as last year's How To edition."*

— Marisa Palmieri, editor

## LMREPORTS

### LANDSCAPE LIGHTING

#### LED fixtures and bulbs

Super Bright LEDs offers spot and floodlights, fountain/well/pond lights, RGB color changing, deck and up lights and direct replacement bulbs. Its G-Lux line features submersible IP68 solid brass and stainless steel fixtures with plug-and-play technology. The company also offers installation materials and power supplies.

**Super Bright LEDs** // [SuperBrightLEDs.com](http://SuperBrightLEDs.com)

#### CoolLED drivers

Ideal for outdoor and landscape applications, Harvard's range of CoolLED drivers provide a high-performance solution for high-brightness LED lighting. Working alongside Harvard's highly efficient modular light engines, the drivers are available with Phase and 0-10V analog dimming, simple push wire connection and multiple fixing points.

**Harvard Engineering** // [HarvardEng.com](http://HarvardEng.com)

#### Infinity Knuckle

The new, patent-pending Infinity Knuckle articulating mounting assembly for the 1096 Up & Accent fixtures uses a fully sealed spherical grommet to prevent moisture penetration. It passes the fixture wiring through the central hole in the knuckle mount stem to the supply connection splice point. When the supply connection is made, the light fixture is slipped over the knuckle mount stem and can be infinitely rotated to the precise position and locked into place with two screws.

### Easy Plug Installation System

i-lighting has dramatically upgraded its Easy Plug Installation System with new wiring. Designed with the proprietary Lighting Simplified harness technology, each stair, deck and landscape Lighting kit can be installed separately or in conjunction through a series of connections that easily plug together using either end of the i-lighting extension cables.

### Luxor ZD

The Luxor ZD provides zoning and dimming capabilities from a single, easy-to-use landscape lighting controller with a full color digital interface. Zoning allows lights to be programmed into preset vignettes, which can be activated for special occasions such as parties. Dimming allows LED lights to automatically emit any desired illumination percentage within a system.

# permagreen™

PermaGreen™ has been leading the professional lawn care industry along the path of sustainability, fuel efficiency, labor savings and pesticide reduction for 31 years.

In 1997, PermaGreen™ turned the industry upside down by inventing the Ride-On Spreader Sprayer. This small, maneuverable, **easy to use** machine works well on large acreage and small lawns, alike, and **can be used every day on almost every lawn**. While riding a PermaGreen one technician can do up to twice the work, thereby eliminating extra employees, vehicles and overhead.

With the ability to blanket fertilizer and spray as needed, the environmental impact is lower, and the patented features of the PermaGreen™ Ride-On make it a **consistently accurate** pesticide applicator.

By providing better working conditions, PermaGreens help a company attract and keep quality employees. A lawn technician's job becomes a career - not a dead end, which makes the lawn care industry, itself, more sustainable. So, when the talk is about sustainability, innovation, fuel efficiency, labor savings and lower environmental impact...**it's gotta be a PermaGreen™**.

## Design Pro LED 120V Accent Lights

Kichler now offers its Design Pro LED line of professional-grade landscape lighting in 120V accent lights. The sealed, integrated and fully potted accent light design uses Radiax optics to deliver the greatest lumens per watt in the industry, the company says. They are available in 3,000 Kelvin (K) (pure, white light) and 4,250 K (cool, white light), as well as a variety of beam spread options for optimal light effects for any landscape lighting job.
