

**If you can't find the herbicide
you're looking for in the new Residex Catalogue
— try this.**

The new Residex catalogue provides technical information, prices and product listings for our complete line of 19 herbicides, especially formulated for industrial weed-control operations.

Since 1954, Residex has pioneered in distributing superior weed and turf products for custom applicators.

Why not use *our* experience to help you get started in this new and profitable field. Let us first help analyze your weed problems. Then, let us supply the specific herbicide, or mixture of herbicides, to *solve* the problem quickly and economically. Start cashing in on the weed and turf market now. Call or write today.

With this Residex Catalogue on hand,
you'll never end up pulling weeds by hand.

Here's What Chipman's 50 Years of Weed Control *Offers You*

1. Practical Experience

Chipman Chemical Company is the oldest and largest custom applicator of herbicides in the country. Its long, firsthand experience in the use of chemicals for all types of weed problems can be extremely beneficial to you. As a weed killer manufacturer with this unmatched background in application problems, the Company offers its "know-how" to all those engaged in weed control.

2. Extensive Line

Chipman weed killing chemicals comprise the most extensive line of herbicides available. Whether your weed problem be aquatic, industrial, turf or brush . . . Chipman has the *right* chemical to do the *best* job. Chipman Chemical Company is one of the few basic producers of 2,4-D and the largest producer of arsenicals.

3. Expert Personnel

Chipman's 50 years in the manufacture and use of weed killers has produced a highly trained and experienced group of experts. These weed control specialists are readily available to give advice and service to custom applicators and others in weed control. In recent years, for example, our technicians have trained hundreds of aquatic weed control operators.

4. Nation-wide Service

The Company's eight offices and plants, plus its representatives in other locations, make it possible to offer personal service throughout the country. *Take advantage of this service! Write or phone the nearest Chipman office . . . you can obtain the assistance of the Chipman weed control representative in your area.*

easy turf and weed control—
with a famous

FONTAN

**THE R.5 FONTAN FOR HEAVY DUTY
WEIGHT 37 LBS.**

A self-contained unit, the Fontan has jets to interchange for misting or spraying, another attachment to interchange for dusting. Designed for versatility, dependability and safety, the Fontan has metal frame and padded straps for comfortable operation.

FONTAN + MALATHION = ECONOMY

The Fontan adjusts to allow low-volume spraying with less dilute liquid and a higher concentration of Malathion or other chemical. Both Fontans offer complete portability, choice of droplet size, easy maintenance, safe fuel injection, corrosion-resistant plated parts.

**THE R.6 FONTAN FOR SMALLER JOBS
WEIGHT 24 LBS.**

A torch interchanged with the spray head and nozzle converts either Fontan into a flame thrower for weed killing, snow removal, burning off paint, heating tar for roofs and street repairs, and numerous similar tasks.
