Monthly news for contract sprayers of weeds, turf, ornamentals, and trees

Update On Ornamental Pest Control

Page W-8

Minute aphids are a species of plant lice which greatly damage some ornamentals and are one of the contract sprayers' biggest headaches. This remarkable photo enlarges the pest immensely; the rose stem shown is not the main one, but a small leaf stem! (Photograph made with 135mm telephoto lens on extension tubes with a 35mm Heiland Pentax H-3 camera.)
