On July 1, 1965, the new McCulloch MAC-10 Series made every other lightweight chain saw overweight and out-of-date

MAC 1-10: The world's lightest direct drive chain saw: 10 $\frac{1}{2}$ lbs.*

MAC 2-10: World's lightest automatic oiling chain saw: 10 $\frac{3}{4}$ lbs.*

(25% lighter)
 than most lightweight chain saws

The new McCulloch MAC-10 Series chain saws are ideal for industrial and municipal use, whether it's intermittent emergency cutting or steady day-in, day-out operation. Because of their exceptional light weight and simplicity, personnel can be quickly trained in their use. They require a minimum of space on emergency and service vehicles, yet can prove to be the most valuable tool at hand in many situations. No other lightweight chain saw gives you this combination of features:

Automatic Oiling: The MAC 2-10 features completely automatic chain oiling for longer bar and chain life plus a separate manual system for extra oil when needed. **McCulloch Dependability:** New concepts reduce parts by up to 30%, yet the MAC-10's retain all the famous McCulloch performance, features and dependability. **Extended Working Life:** Unlike some others, MAC-10's cylinders can be rebored and fitted with new pistons for years of extra life. With ball and needle bearings throughout, every working part on the MAC-10's is cast and machined from only the finest steels and alloys. **Longer Running Time:** With oversize oil and fuel tanks standard on the MAC-10's, you can cut as long as most big saws. New engine design and single-jet carburetion cuts fuel consumption as much as 12%. Use of McCulloch oil at a 40:1 gas/oil mix provides even more economy and virtually smoke-free operation. **Power For Fast Cutting:** McCulloch's advanced engineering puts more usable power into MAC-10 engines. Light weight doesn't mean under-powered. **Fast, Reliable Starting:** The MAC-10's fingertip primer and exclusive idle governor mean fast, sure starts. For added convenience, MAC-10's feature right-hand starting. **Runs In Any Position:** No matter what position you have to cut in, you get full cutting power from a MAC-10. The idle governor allows a smooth idle, without stalling or sputtering.

Pick The One That's Right For You!

MAC 1-10: Complete with 12", 16", 20" or 24" McCulloch guide bars, plus new long-wearing chain for all general purpose cutting jobs.

MAC 2-10: Same as MAC 1-10, plus automatic chain oiling, spark arrestor and muffler combination, plasticized handle frame, and rubber pistol grip insert.

Find your McCulloch dealer in the Yellow Pages, or for a full-color catalog write McCulloch Corporation, Dept. WTT, 6101 W. Century Boulevard, Los Angeles, Calif. 90045.

*Power Unit only, dry, less bar and chain.
