

NITROFORM[®]

ORGANIC

**BLUE
CHIP[®]**

NITROGEN

MAKES FERTILIZERS GO FURTHER

Make sure your fertilization program is based on a Blue Chip[®] fertilizer containing Nitroform[®] organic nitrogen. Nitroform nitrogen goes further and does a better job than other organics . . . gives you best for less.

Proof of Nitroform's effectiveness and economy, as compared with conventional organics,

STH68-9

is demonstrated in our new 8-page brochure, "Specify Nitroform Plant Food." Ask your Hercules representative for copies, or write to Turf & Horticultural Products, Synthetics Department, Hercules Incorporated, Wilmington, Delaware 19899.
