23962 Clawiter Road,
Hayward California 94541,
Code 415-785-9100

We've added Solid State Ignition to the World's most advanced chain saw!

Our engineers and designers are a very dedicated and conscientious group and not at all inclined to rest on past laurels.

Consequently, although the new Stihl 041AV was recognized all over the World, as being far ahead of its field in design, engineering and performance . . . our people still were not satisfied. How could we improve upon the World's first and only chain saw with built-in

shock absorbers to eliminate vibration?

We added Solid State Ignition!

Now, you have such Stihl "firsts" as automatic chain oiling and an anti-vibration system for smoother cutting with less fatigue . . . plus the addition of a molded solid state ignition system. Now our technical people are happy with the STIHL 041AV Electronic.

We think you will be too!
